The next West Virginia Legislature will most probably be Republican, making the next U. S. Senate stand thirty-nine Republicans, thirty-seven Democrats.

NEW YORK, Nov. 7.—As the delayed returns come in they not only tend to confirm the Harrison victory, but to increase the figures.

This afternoon a forlorn hope story gained circulation to the effect that Fraula had been discovered in Kings County of a size sufficient to wipe out the Republican plurality in that State.

The report, however, proved to be without foundation enough to warrant a continuance of the story. Hackett, Democratic Congressman Quay badly enough to make him bunco the New York State wires with instructions to his agents to watch the ballot-boxes closely.

The following figures tonight give the following results: New Jersey, Democratic plurality, 7,326. Complete returns from Connecticut give Cleveland 74,904, Harrison, 74,510; Fisk 4,191.

In 1884 the vote stood: Cleveland, 67,071; Blaine, 66,903; St. John, 3,891. Cleveland's plurality, 1,368. The Democracy loses one Congressman. There is no truth in the report that an error in New Haven will change the Connecticut result. Nebraska sends word that Republican Governor has been chosen by an 8,000 majority vote.

Delaware is Democratic, but the Senatory Republican by a majority of 1.

The World figures up the Electoral College by giving Harrison 238 votes.

Coogan, the Labor candidate for Mayor, is done with politics. He was a moper in the school, and his ten thousand votes cost him nearly $20,000. Unlike the majority of men, he has a large bank account, and the experience will not strike him forcibly.

Mrs. Cynthia Leonard, Equal Rights candidate for Mayor, got just twenty votes.

Tammany has put the Democratic Congress in the Juliesse. It has carried the whole city from the Harlem river to the Battery.

NEW YORK.

NEW YORK, Nov. 6—4:30 A. M.—At this hour the follow says: Much more complete returns from all parts of the State have been received in the last twenty-four hours, and the figures on several counties notably Democratic strongholds—giving New York and Kings Counties, are very imperfect and tardy. The changes in the general situation since Tuesday night, however, are slight. Harrison's plurality now promises to be not far from 10,000 to 12,000. The Republican gains already reported in Chautauqua, Allegany, Orleans, Niagara, Monroe, Steuben, Tompkins, Wayne and other counties have been verified. Sullivan and Suffolk have gone Republican, and Democratic majorities have been reduced in Kings, Queens, Richmond, Rockland and elsewhere. The Prohibition vote has fallen away greatly from that of 1887, and only exceeds that of 1884 by something like ten per cent.

NEW YORK, Nov. 7.—The unofficial vote of all counties in the State, as far as returned, show plurality for Cleveland of 76,000, and for Governor, of the Democratic State Committee, claims that the Democrats will have a majority of at least 17 on the Legislature joint ballot to elect a United States Senator to succeed John R. McPherson.

ALABAMA.

MONTGOMERY, ALA., Nov. 6.—It is impossible to state the results of the election in Alabama with any degree of accuracy. The State has given a big majority for Cleveland and Thurman, and will cast a solid Democratic delegation to Congress. The State Democratic Executive Committee has received returns from all but four fourths of the State indicating that all the districts have been carried by Democrats. The list of Representatives in the next Congress from Alabama stands: First District, H. H. Clark; Second District, H. H. Herbert; Third District, W. C. Oates; Fourth District, J. H. Bankhead; Fifth District, J. E. Cobb; Sixth District, J. H. Bankhead; Seventh District, W. H. Forney; Eighth District, Joseph Wheeler. The closest contest is in Seventh District, where Colonel Forney, a opposed by McDuffie, Republican, but unless all signs fail the Democrats have won the fight there.

VERMONT.

WHITE RIVER JUNCTION, VT., Nov. 7.—One hundred and eighty-nine towns in Vermont give Harrison 39,721, as previously 14,866. Fisk 4,964. The same towns in 1884 gave Blaine 34,823, Cleveland 19,093, St. John 1,825, Butler 615. Republican gain over 1884, 14,898; Democratic, 4,428, against a majority of 17,159 four years ago.

MICHIGAN.

DETROIT, NOV. 7.—In a m.—Returns continue to come in slowly, but enough have been received to show that Harrison has carried the State by a safe plurality. The Prohibitionists and the Republican State Central Committee claim the State for Harrison by over 15,000 plurality, but admit that Luce, Republican candidate for Governor, may run ahead of the Harrison ticket. The *Free Press* concedes the State to Harrison, but claims the election of Burt for Governor. Western Union Telegraph Company has never say Burt concedes Luce's election by 1,000. The Republicans claim eight, and possibly nine, of the eleven Congressmen. This the Democrats concede, but decline to give their figures.

MARQUETTE, MICH., Nov. 6.—Marquette County gives Harrison over 2,000 majority, Luce over 2,400 majority. Stevenson, for Congress, 2,400.

PENNSYLVANIA.

PHILADELPHIA, PA., Nov. 7.—The vote for Congressmen in this State shows that the delegation will stand 21 Republicans against 7 Democrats as follows:

First District, Henry Bingham, Rep.; Second, Samuel F. Leeper, Rep.; Third, Benjamin J. Randall, Dem.; Fourth, William D. Kelley, Rep.; Fifth, Joseph Hopkins, Rep.; Sixth, Alfred C. Harrison, Rep.; Seventh, Robert M. Yardley, Rep.; Eighth, William Mutchler, Dem.; Ninth, D. B. Brumm, Dem.; Tenth, Marriott Brosius, Rep.; Eleventh, Thomas M. Bunton, Rep.; Twelfth, F. S. Osborne, Rep.; Thirteenth, James H. Reilly, Dem.; Fourteenth, J. W. Rife, Rep.; Fifteenth, M. H. Wright, Rep.; Sixteenth, Thomas J. Boyle, Rep.; Seventeenth, Charles R. Buckalew, Dem.; Eighteenth, L. E. Atkinson, Rep.; Nineteenth, Levi Maish, Dem.; Twenty-first, Ward Scull, Rep.; Twenty-first, Samuel A. Craig, Rep.; Twenty-second, John Dalzell, Rep.; Twenty-third, Thomas M. Hayne, Rep.; Twenty-fourth, R. H. Ray, Rep.; Twenty-fifth, Charles C. Townsend, Rep.; Twenty-sixth, Wm. C. Culbertson, Rep.; Twenty-seventh, Lewis F. Watson, Rep.; Twenty-eighth, James M. Kerr, Dem.

PHILADELPHIA, PA., Nov. 7.—Returns from every county in the State show a plurality for Harrison of 74,000 in Democratic gain of 17,000 as compared with the vote for President in 1884, the Republican Congressmen gained.

MISSOURI.

ST. LOUIS, NOV. 7.—2:30 a. m.—Returns from 331 out of 352 precincts in St. Louis show that the Republican Presidential and Gubernatorial tickets will have a majority of 10,000.

The entire Republican city ticket is elected, with perhaps the single exception of Sheriff. Niedringhaus (Rep.) defeats O'Neill (Dem.) for Congress in the Eighth District. Frank (Rep.) defeats Castleman (Dem.) in the Ninth, and Kinsey (Rep.) has a lead in the Tenth (Dem.) in the Tenth. The defeat of the first two named is conceded by the Democrats.

MARYLAND.

BALTIMORE, NOV. 6.—Seventeen of the 23 wards give Cleveland 26,416, Harrison 24,767. The same wards in 1884 gave Cleveland 27,186, Blaine 24,648. Democratic gain 538.

Hagner (Dem.) is probably defeated in the Fourth District for Congress.

BALTIMORE, NOV. 7.—The city complete gives Cleveland 44,809, Harrison 40,919; Cleveland's plurality 4,890.

IOWA.

DES MOINES, NOV. 6.—Ten precincts give Jackson, Republican, for Secretary of State, 1,425; McHenry, Democrat, 1,107. Net Republican gain over one of 1885.

DES MOINES, NOV. 6.—Twenty precincts give Jackson, Republican, for Secretary of State, 3,944; McHenry, Democrat, 2,165. Net Republican gain, 1,779.

DES MOINES, IA., NOV. 6.—The following are known beyond doubt to be elected Congressmen:

Second District, Walter I. Hayes (Dem.), by about 3,000 plurality. Third District, David B. Henderson (Dem.), 1,600. Fourth District, J. B. Weaver (Rep.), 500. Fifth District, Daniel Kerr (Rep.), 1,100. Seventh District, J. H. Gunner (Rep.), 2,800. Ninth District, J. B. Reed (Rep.), 3,500. Tenth District, J. P. Dolliver (Rep.), 4,000. Eleventh District, I. L. Struble (Rep.), 4,000.

COLORADO.

DENVER, COL., Nov. 6.—It is impossible to give an accurate statement, as the polls did not close until 7 o'clock. From reports received Harrison will carry the State by 8,000 majority. Dispatches that gave Cleveland a plurality four years ago show heavy Republican gains. Palmer, Democratic Gubernatorial nominee, will be elected by 2,000. Wolcott is elected by 5,000. Townsend will be sent to Congress by 3,000 majority.

DENVER, NOV. 6.—Up to nine o'clock no reports from the outlying districts have been received owing to the fact that the polls do not close until seven, and a large number of votes are polled in each precinct. The probabilities are that nothing definite will be learned before midnight. The estimated increase of the vote of the State will be 25,000. Republicans claim the entire National and State and county ticket elected by 8,000.

MAINE.

PORTLAND, NOV. 6.—Returns from 190 towns give Harrison 36,831; Cleveland, 29,530; Fisk, 1,176. In 1884, Blaine, 34,751; Cleveland, 34,286; St. John, 902.

AUGUSTA, NOV. 6.—Mr. Blaine has sent the following telegram to General Harrison: Returns thus far received indicate that Maine has given you a majority of 40,000. It will be more rather than less. JAMES G. BLAINE.

NEW HAMPSHIRE.

CONCORD, N. H., Nov. 7.—Returns from all but two towns and wards in the State give Harrison 44,169; Cleveland, 40,461; Fisk, 1,351. Republicans will have 33 majority on a joint ballot, being the same as in 1886.

RHODE ISLAND.

PROVIDENCE, NOV. 6.—A close computation of the vote of the State is as follows: Harrison, 17,956; Cleveland, 17,496; Fisk, 1,276.

MONTANA.

HELENA, MONT., Nov. 6.—Scattering returns from the counties indicate Carter, Republican, elected Delegate by 4,000 majority.

ALEXANDRIA, NOV. 6.—Cleveland carries the city of Alexandria by 300 majority. Agnew, Rep., for Congress, 74 majority. The county gives a Republican majority of 400.

DANVILLE, NOV. 6.—Danville gives Cleveland 300 majority; a Democratic gain of 187; Boyd Danville, Cleveland 114, a Democratic gain of 40; Chatham, Cleveland 311, plurality, a Democratic loss.

BEAVER, NOV. 6.—Roanoke City gives Cleveland a majority of 754.

BRISTOL, NOV. 6.—Lynchburg gives a Democratic majority of 268, against 165 in 1884.

PETERSBURG, NOV. 6.—Norfolk City gave Republican, 1,500; Cleveland, 1,800; Portsmouth gives a Democratic majority 800, a Democratic gain of 301. Norfolk County gives a Republican majority, a gain of 400. George R. Wise, Republican, is re-elected to Congress.

NEW JERSEY.

JERSEY CITY, N. J., Nov. 6.—The Hudson County Democrats made almost a clean sweep. The Republicans claim that they will have 1,000 majority thus secure to the State for Cleveland. Congressman William Walsh is conceded by his friends here, defeating ex-Mayor Gilbert of Jersey City, by about 1,500.

CALIFORNIA.

SAN FRANCISCO, NOV. 7.—If the indications are that California is carried by Democrats, but returns are not all in. The southern part of the State always Democratic, and the five Republican claimed all new settlers. In this city it is probably a tie, but Cleveland's majority in the county is very slim. Nevada 1,000 Republican by a reduced majority. LEANDER.

SAN FRANCISCO, NOV. 7.—California will give Harrison a majority of about 1,000. Cleveland will carry the city by about 3,000. Harrison the State by about 1,000. Republicans have carried four and possibly five Congressmen. The full count will not be completed until to-morrow. M. H. DE YOUNG, Editor Chronicle.

SAN FRANCISCO, NOV. 7.—We have carried the State for Cleveland and Thurman by a safe majority.—WM. D. ENGLISH.

KENTUCKY.

LOUISVILLE, NOV. 7.—Midnight.—The returns from the interior Congressional districts of the Indiana are meager and the four majorities are not given. Kentucky elects eleven Congressmen to-day, and as far as is possible to ascertain with the following results. In the First District, Stone, Democrat, the present incumbent, will be elected. Second, Grant, over Farleigh, Republican.

In the Second Fifth Democrat is surely a winner over Jolly, Republican. In the Third the result is uncertain, though the probabilities seem to indicate the election of Goodnight, Democrat, over Hall, Republican, by about 1,000 majority. In the Fourth Montgomery, Democrat, is supposed to be elected by an increased majority. In the Fifth Caruth, Democrat, defeats Wilson, Republican, by about 1,500 majority. In the Sixth Carlisle, Democrat, is reported elected over Hamilton, Republican, by an increased majority.

In the Seventh Breckinridge, Democrat, defeated Bowgo, Republican, by about 4,500 majority. In the Eighth McCreary, Democrat, had an easy walk over Lewis, Republican, his estimated majority being over 4,000. The Ninth is reported very doubtful, though the chances run to favor Paynter, Democrat. In the Tenth Wilson, Republican, defeated Hay, Democrat, by about 1,500 votes. In the Eleventh the Democrats concede a victory to Finley, Republican, over Woolford, Democrat.

At this hour it looks like the Republicans are sure of two districts and very possibly may carry one other—the Ninth. The State will probably give Cleveland 40,000 majority.

MASSACHUSETTS.

BOSTON, NOV. 6.—It is estimated that Cleveland will have 5,000 majority in the State.

Returns from fifty towns in this State give Harrison 44,000, Cleveland 38,767, Fisk 7,865. Same towns in 1884 gave Blaine 39,426; Cleveland, 38,375; Butler, 1,301; St. John, 1,000. This gives Gates of the Presidential candidates it must be considered that in 1884 Butler received over 24,000 votes, and in the Democratic year divided between the regular candidates. This makes it almost impossible to estimate the respective gains or losses of the Republicans and Democrats in Congressmen.

One hundred and fifty towns give Harrison 47,585, Cleveland 38,767, Fisk 7,865. Same towns in 1884 gave Blaine 39,426; Cleveland, 38,375; Butler, 1,301; St. John, 1,000. This gives Gates of the Presidential candidates it must be considered that in 1884 Butler received over 24,000 votes, and in the Democratic year divided between the regular candidates. This makes it almost impossible to estimate the respective gains or losses of the Republicans and Democrats in Congressmen.

Chairman Carpelin, of the Republican State committee, at midnight says that Goff (Rep.) will be elected by 1,400 majority. Harrison will run about ten thousand ahead of his ticket. Republicans have elected 35 of 40 Delegates in the House, and the Republicans have 14 out of 40 Senators. He claims the election of all four Congressmen.

OHIO.

COLUMBUS, NOV. 6.—From present indications the Congressional delegation will stand as follows:

First District—Ben Butterworth, R.
Second District—John A. Caldwell, R.
Third District—E. S. Williams, R.
Fourth District—S. S. Yoder, R.
Fifth District—G. E. Seney, D.
Sixth District—M. Boothman, R.
Seventh District—H. L. Morey, R.
Eighth District—J. B. Foraker, R.
Ninth District—W. C. Cooper, R.
Tenth District—W. C. Haines, D.

Twelfth District—J. J. Pugsley, R.
Thirteenth District—J. H. Outhwait, D.

Seventeenth District—J. D. Taylor, R.
Eighteenth District—Wm. McKinley, Jr. R.
Nineteenth District—J. F. Ritter, R.
Twentieth District—M. L. Smyser, R.
Twenty-first District—T. E. Burton, R.
Griffin telegraphs from Toledo that Romes has 1,000 majority in Lucas County. Nothing has been received from the Twenty-first District.

Chairman Capeller, of the Republican State Committee, states that he has heard from less than one-third of the State, but estimates that Harrison's plurality will be 20,000 or more. He says the Republicans will have Congressmen in all the districts which they now hold, except, perhaps, in the North, where Romes defeat is possible. They will, he claims, gain a Congressman in the Second and one in the Twenty-first, giving them a net gain of one, and making their Congressional delegation in Lower House from Ohio stand Republicans 16, Democrats 10.

CINCINNATI, NOV. 6.—The election in Hamilton County passed off quietly. The entire ticket with the exception of Sheriff, with the exception of George R. Cox, by majorities ranging from 1,200 to 3,000. Cox was defeated by 2,500 majority by Frazine, for Court Clerk.

CONNECTICUT.

HARTFORD, NOV. 6.—Every town in the Fourth Congressional District heard from. The figures now stand Miles, Republican, by 8 plurality in a vote of 41,964. Previous returns gave the district to Mr. Hopkins, the Democrat. Republicans in Connecticut will thus gain two Republican Congressmen instead of one, as previously reported.

Complete returns give Cleveland 74,904, Harrison 74,510, Fisk 4,191; Cleveland's plurality 394.

For Governor—Morris, Dem., 74,944; Bulkely, Rep., 74,496; Camp, Prohib., 4,195.

For Congress—Wilson defeats Lines in the Second District by 860 plurality. Russell, Rep., is returned from the Third District. In the Fourth District E. W. Seymour, Dem., is elected by a plurality of 291.

The State Senate stands 9 Democrats and 15 Republicans; the House 103 Republicans and 94 Democrats. Republican majority on joint ballot of 40, against 29 in 1887. The Legislature will elect Hubbard over Bulkeley.

ILLINOIS.

CHICAGO, NOV. 7.—The Congressmen elected in Illinois are:

First District—Abner Taylor, Chicago, R.
Second District—Frank Lawler, Chicago, D.
Third District—William E. Mason, Chicago, R.
Fourth District—George E. Adams, Chicago, D.

Fifth District—Albert J. Hopkins, Aurora, R.
Sixth District—Thomas J. Henderson, Illinois, R.
Seventh District—Thomas J. Henderson, Princeton, R.
Eighth District—Charles A. Hill, Joliet, R.
Ninth District—Lewis E. Payson, Pontiac, R.
Tenth District—Philip Stoker, Fort, Galesburg R.
Eleventh District—William H. Gest, Red Island, R.
Twelfth District—Scott Wike, Pittsfield, D.
Thirteenth District—William M. Springer, Springfield, D.
Fourteenth District—J. H. Rowell, Bloomington, R.
Fifteenth District—Joseph G. Cannon, Danville, R.
Sixteenth District—George W. Fithian, Newton, D.
Seventeenth District—Edward Lane, Hillsboro, D.
Eighteenth District—John Baker, Bellville, R.
Nineteenth District—R. W. Townshend, Shawneetown, D.
Twentieth District—George W. Smith, Murphysboro, R.

This city complete and the rest of Cook outside of the city and two townships, whose is in though, will not materially change the result, give Cleveland 81,120; Harrison, 80,363—a plurality for Cleveland of 857. The county complete in 1884 gave Blaine 60,274, Cleveland 60,050—a plurality for Blaine of 8,642.

CHICAGO, NOV. 7.—Harrison's plurality in the State will be about 20,000 and Fifer's, Republican, 15,000. In Cook County Cleveland's plurality is 872 while Blaine's is 4,630. Blaine carried the county four years ago by 8,000, and Carter H. Harrison, Democrat, for Governor, by 193.

Complete returns show Harrison carries Cook County by 407 plurality, and Palmer by 4,700 plurality.

CHICAGO, NOV. 7.—11 P. M.—Eighty-six counties of Illinois, Nov. 6, give Harrison 146,000 for Fifer, 45,218; Palmer, 37,950. The remaining sixteen counties in 1884 gave plurality for Blaine 5,649, and Cleveland 4,856.

Assuming that Fifer will lose in these sixteen counties in about the same ratio as in those reported, his plurality over Palmer in the State will be about 7,800. It is not believed his plurality can vary 1,000 votes from this figure.

CALIFORNIA.

SAN FRANCISCO, NOV. 7.—It is impossible to state the results of the election in California with any degree of accuracy. The State has given a big majority for Cleveland and Thurman, and will cast a solid Democratic delegation to Congress. The State Democratic Executive Committee has received returns from all but four fourths of the State indicating that all the districts have been carried by Democrats. The list of Representatives in the next Congress from California stands: First District, H. H. Clark; Second District, H. H. Herbert; Third District, W. C. Oates; Fourth District, J. H. Bankhead; Fifth District, J. E. Cobb; Sixth District, J. H. Bankhead; Seventh District, W. H. Forney; Eighth District, Joseph Wheeler. The closest contest is in Seventh District, where Colonel Forney, a Democrat, is opposed by McDuffie, Republican, but unless all signs fail the Democrats have won the fight there.

LEVI P. MORTON.

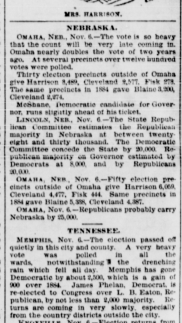
WEST VIRGINIA.

WHEELING, W. VA., Nov. 6.—Returns from Preston, Hardy, Ohio, Braxton, Lewis, Berkeley, Harrison, Kanawha, Upshur, Wetzel, Marion, Taylor, Tyler, Ritchie and Monongalia counties have been received incomplete.

Comparing the estimated vote with 1884, they show a net Republican gain of over 1,000. The Democrats claim the State by about 3,000. Republicans 3,000 majority. It is impossible to state the majority in the Legislature as the count is not finished in many counties, and the lack of telegraphic facilities prevents speedy receipt of news.

Democrats concede a Republican Legislature, etc.

Chairman Conaway, of the Democratic committee, at midnight says that Goff (Rep.) will be elected by 1,400 majority. Harrison will run about ten thousand ahead of his ticket. Republicans have elected 35 of 40 Delegates in the House, and the Republicans have 14 out of 40 Senators. He claims the election of all four Congressmen.



MRS. HARRISON.

NEBRASKA.

OMAHA, NEB., NOV. 6.—The vote is so hazy that the results are not yet fully ascertained. Omaha nearly doubles the vote of two years ago. Other several precincts over twelve hundred votes were polled.

Thirty election precincts outside of Omaha give Harrison 3,000, Cleveland 2,500. This is a net gain of 500 over 1884. James Phelan, Democrat, is elected Mayor of Omaha by 1,500 plurality. Republican, by not less than 2,000 majority. Returns are coming in very slowly from the country districts outside the city.

Republicans claim the majority returns from the rural districts of East Tennessee are coming in very slowly, Harrison and Hawkins are a few thousand each ahead.

The Fifth District, Dan. C. Houck, Republican, are elected to Congress. The Prohibition vote is light. The Republicans carry the city by 40 majority. Republicans claim Nebraska for sure, perhaps one exception.

FLORIDA.

JACKSONVILLE, FLA., Nov. 7.—The colored contingent have voted here, and have swept Duval County clean. Every thing is Republican from top to bottom. Putnam County has elected a Republican Senator, Marion, Lake and Putnam Counties have for the first time accomplished this feat.

Florida gives Cleveland Electors and Democratic State ticket a majority of something less than 5,000.

Unofficial returns from twenty-six out of the sixty counties in Florida indicate a Democratic majority of 3,900.

VIRGINIA.

RICHMOND, NOV. 6.—No official returns have been received yet. The election passed off quietly so far as heard from. The estimated vote in several counties in different parts of the State does not indicate a gain to either party over the vote of 1884.

RICHMOND, NOV. 6.—This city gives about 1,600 majority for the Democratic candidates.

HORRIBLE.

An Insane Widow, Bereft of Reason by the Loss of Her Husband, Saturates Herself and Her Children With Coal-oil, and All Are Burned With Their Home.

PITTSBURGH, PA., Nov. 12.—Late last night Marie Berthine, wife of one of the victims of the mine disaster, set fire to herself and her five children, ranging from the oldest daughter where burned to death. Among the bodies recovered yesterday from the fatal shaft Thursday last of Louis Berthine, and when his wife recognized the mangled remains, a shriek was heard and the grief-stricken woman fell swooned. When she recovered she recognized her husband's remains. It was evident that her reason had gone. As she evidenced no disposition to become violent, little attention was paid to her, and all day long she sat at her door regardless of the cries of her five children, the youngest a babe five months old. Late Sunday evening she apparently aroused from her stupor and took her children to the improvised morgue, where lay the body of her husband. She led each child up to the ghastly remains, and still with that awful silence which had marked her from the beginning of her bereavement, turned her away to the little home she had sheltered them in the past. No attention was paid to her by those who were busy with the dead and dying, but about midnight a cry of fire from the village of Frankstown gathered a crowd of workers from the mine to the streets. It was soon seen that the Berthine cabin was in flames, and willing hands were soon at work to save the inmates. The oldest child, a girl of nine years, succeeded in escaping from the fire which devoured the rest of the family, and her story was one that sent a thrill of horror through her hearers. She said that her mother sent each of the children to bed with a kiss, and then sat down near the stove. The girl could not sleep, and lay watching her mother, who, after sitting for some time, took the can of coal-oil and poured it over herself and the bed-clothes of the children. The girl could not remember what fire to some paper and scattered it about the room and soon the whole place was in flames. The daughter escaped a short time with her mother in an endeavor to save the stuff at the foot of her mother's clothes caused such intense heat that she soon relaxed her grasp. The girl finally managed to get out of the door, where she fell exhausted and frightful burned. The babe burned like tinder and soon nothing was left but the glowing timbers, from which were raked the charred bodies of the insane mother and her four children.

The Appropriation Exhausted.

WASHINGTON, NOV. 12.—A special from Norfolk, Va., says the entire force of workmen and laborers employed at the torpedo shops of the navy-yard, except apprentice boys, have been discharged, and in consequence work will be suspended on the U. S. steamships Pensacola, Jamestown and Dolphin. The dismissals are caused by necessary on account of the exhaustion of the appropriations for the first half of the fiscal year.

Thawing Frozen Dynamite.

BRADFORD, PA., Nov. 12.—Charles Benson, a Swede, who had charge of the dynamite kept in blasting rocks on the new lumber road near Kitner, Pa., was thawing out the stuff at the foot of the stove, when it exploded and his head was blown off. Two Italians named Anthony Hendordine and Noeoli Bieb were badly injured. Both men were found several hundred feet away.

It Still Lingers.

JACKSONVILLE, FLA., Nov. 12.—President Neal Mitchell has just issued the following official bulletin for the twenty-four hours ending six o'clock this evening: New cases, 39; deaths, 31; total number of cases to date, 4,311; total number of deaths to date, 388. Deaths—Jennie Sheppard, Amanda Owen (colored), James Rickers (colored).

White Frost at Decatur.

DECATUR, ALA., Nov. 12.—Slight frost yesterday. White frost this morning with ice formed in blasting rocks on the new lumber road near Kitner, Pa., was thawing out the stuff at the foot of the stove, when it exploded and his head was blown off. Two Italians named Anthony Hendordine and Noeoli Bieb were badly injured. Both men were found several hundred feet away.

Chief Warren Resigns.

LONDON, NOV. 12.—Sir Charles Warren, chief of the Metropolitan police, has tendered his resignation. It is understood that this action is due to the sent critic claims that have been made upon his efficiency recently in connection with the Whitechapel murders.

Packinham Sentenced.

NEW YORK, NOV. 12.—Patrick Packinham, who killed his wife on April 2, by cutting her on the back of the neck with a razor, from the effects of which she died, was sentenced by Recorder Smyth to be hanged on January 4.

Indignant at the Honor.

OTTAWA, ONT., Nov. 12.—Dr. Wigins, the weather prophet, was indignant to-day. He received by mail notification of his election as an honorary member of the American Meteorological Society.

Uxoricide Caused by Jealousy.

NEW HAVEN, CONN., Nov. 12.—At two o'clock this morning, George Cooper, of Portland, murdered his wife by cutting her head open with an axe. Jealousy was the cause.

Two and a Half Feet of Snow.

QUEBEC, Nov. 12.—Two and a half feet of snow has fallen all along the Lower St. Lawrence.

—When a wife gets to reading one of those old dailies from twenty years back to keep before he was married and finds an entry that says: "Prayer-meeting out at ten o'clock; home at 11.45," she can't help wondering what he was doing in the young man was, and what he was doing for that mysterious hour and forty-five minutes. WAR CLOUDS.

Canadians Excited Over Cleveland's Nerve.

The tone of the Canadian press, as also outgivings from the Canadian ministry, show a high state of excitement over a fear that President Cleveland will enforce the Retaliatory law. The politicians of this country may affect to believe that Cleveland's course was prompted solely as an electioneering matter, but the Canadians evidently believe that he has nerve and earnestness. There is this much, however, the Republican Senate failed to give the President the additional authority for the retaliation he asked for, and the President believed that the present retaliatory law would injure the United States more than Canada, and, therefore, he is not likely to enforce it, and there will, therefore, be no trouble from this source. If the Senate, which convenes in December, shall pass the House Retaliation bill, then, indeed, the Canadians may look out for its enforcement.

THE SACKVILLE AFFAIR.

The Chicago Mail, a leading Republican paper thinks the dismissal of the British Minister will lead to war, and, referring to the recent election, it says:

"Don't try to explain it," says the Mail "Take your medicine. Remember that you are an American citizen, and that this is your country. You are a part of it, and before the Administration that will take hold on the 4th of next March is over, you will have a chance to shoulder your gun and fight for it. The Sackville West affair hasn't been settled yet."

Since the election is all over it does look like all Americans ought to be able to look at such matters as Americans, and no longer as partisans. The facts are that the English Minister wrote a letter intended to influence Englishmen in their voting, and for that intermeddling in our affairs, the President summarily dismissed him. Suppose this country tolerates such intermeddling from foreign Ministers, where will it end? If foreign Ministers know that they can thus intermeddle with impunity, shall we not presently have the Ministers from all the other countries attempting to control the vote of their nationalities in this country, and shall we not have our leading politicians courting their favor and entering into trades and combinations with them to secure their influence? As the excitement and passions of the recent election dies out, all Americans we dare say, will endorse the President's dismissal of the British Minister.

THE SETTING SUN.

Cleveland has made one of the best Presidents this country ever had. Under his administration all sections of the country, North, South, East and West, have prospered, and when party passion has cooled down, all the people will concede this fact. Hence, it is ungenerous in Democrats, who, two weeks ago, were singing his praise, now that he is defeated, to commence fault finding. That Mr. Cleveland made a mistake in retaining so many Republicans in office, to the exclusion of so many competent and worthy men of his own party, is no doubt true, and that this mistake was fatal to him in the State of New York, where he retained over 6,000 Republicans in office, is perhaps certain. These disappointed Democrats argued, naturally enough, that if Republicans were good enough to be retained in places they wanted, a Republican was good enough to take his place. But, whilst this is a natural feeling, it should be remembered that Mr. Cleveland was attempting to place his party upon a broader and higher plane, than the mere quest of offices. Cleveland is a grand and noble man; he worked for the people, and tried to please the people, and in doing so displeased the politicians, and after all the politicians control elections.

EVERYBODY WANTS AN OFFICE.

INDIANAPOLIS, IND., Nov. 12.—Since the day of his election, Gen. Harrison's mail has steadily increased until it has now reached mammoth proportions. This morning it required an express wagon to haul the bundles of letters and bags of newspapers that had arrived since Saturday. About 1,500 letters and several bags of newspapers comprised to-day's mail.

LORD SAULSBURY, the English Prime Minister, with the English press at his heels, is bitter towards President Cleveland, and rejoices in his defeat. During the campaign Cleveland was represented as in alliance with the English, &c. Oh, what humbugs we mortals be.

WILL HARRISON BE LIBERAL?

Will Sectional Issues Dominate?

Ex-Gov. Hawkins, of Tennessee, who is spoken of for a position in Harrison's Cabinet, is out in an interview, predicting a liberal policy upon the part of President-elect Harrison, toward the Southern States and Southern people, basing his predictions upon what the Governor conceives to be the grand opportunity for the Republican party to divide the "solid South," and instances the result in West Virginia and Delaware, and the close vote in Maryland, Missouri and Virginia, as a proof of his opinions.

The Southern people really know but little of Gen. Harrison, and the COURIER's knowledge is confined to the newspaper reputation that he is personally cold and unsympathetic, and that he has been classed as a strong partisan, inclined to the "bloody shirt" persuasion. Now that he is to be President, it certainly would prove a grateful disappointment, if he is found to be a statesman of broad and liberal patriotism, capable of being fair and just to all sections.

The Republican party since the war, has apparently been actuated by a spirit of distrust and hostility toward the Southern people, Republican newspapers and speakers seldom vouchsafing a word of kindess or reconciliation, but upon the contrary have teemed with the idea that our people were yet rankerous with disloyalty to the Union, and that we were harboring in our bosoms treasonable expectations, &c. It is true, and the conservative thinker will admit it, that this sectional attitude of the Republican party has prevented thousands of Southern people from calmly and dispassionately considering other than the sectional issue. The self-respect of the best Southern thought would not humiliate itself by co-operating with a party apparently controlled by such hostile feelings. Could "sectionalism" be removed by a practical liberality, such as Gov. Hawkins predicts, perhaps a majority in some of the Southern States would approve the "protective tariff idea," and others go still stronger for "tariff reform."

The recent election, perhaps, also, illustrates, that the same division in the Northern States, might occur on economic questions, if the sectional issue, could be eliminated. In the Western States, it is conspicuously clear, that the "sectional issue" dominates and is made to overshadow all other questions.

There is, in all truth and sincerity, no more loyal people in the Union than the people in the South, because they have passed through the ruinous fires of attempted disloyalty, but whilst this is true it seems impossible for the people of the Western States to fully realize the truth.

A liberal policy upon the part of Harrison would split the South, re establish fraternity and good will, but it also might make some of the Western States Democratic.

ELECTION CONSEQUENCES.

How will the return of the Republican party to power affect the general welfare of the country?

It may be that in a business way the country will prosper just as well under Republican as it has under Democratic rule. Upon this a mere difference of opinion exists. Certain it is that neither of the great parties want to injure the material welfare of the country. Every interest of either points to the contrary.

The mere question as to who fills the offices, Democrats or Republicans, affects only a few, and if the offices are competently filled, the great body of the people will not be affected thereby.

The great fear among Southern people rests more seriously in the race problem. Will not Republicans ascendancy foment and precipitate trouble between the whites and blacks? If such troubles occur will it not be to the interest of the Republican leaders to exaggerate and give prejudiced views in order to hold the Northern States solid against the South? Was not this the history of past Republican administrations?

Surely, surely, all good people hope such forebodings may prove untrue. But, suppose if any such trouble occurs, soldiers should be caused to take part, would not the trouble be aggravated?

The Southern people when they look back at the past, know that such things were done, and they fear the future.

For the good of the colored people, no less than the whites, we hope for the better.

THE reported massacre of negroes at Raleigh, N. C., on election day, was entirely false, and only intended for effect in the Northern States. Oh, what liars there are about election times.

—The Mississippi river is still rising rapidly.

DEMOCRATS WILL LAUGH.

Hampered by Civil Service Laws.

[From Courier-Journal.]

This civil service law will return to plague its inventors. In less than a year the Republicans will be cursing it, and the Democrats laughing in their sleeves. There are hundreds of Democrats in office that can be removed, but the Republicans cannot put Republicans in their places. Oh, but there is going to be jolly times and a lively racket over the spoils. The Republican platform of 1888 repeats its civil service reform pledge of 1884, declaring: "The reform of the civil service, auspiciously begun under the Republican Administration, should be completed by the further extension of the reform system, already established by law, to all the grades of the service to which it is applicable. The spirit and purpose of the reform should be observed in all the executive appointments, and all laws at variance with the object of existing reform legislation should be repealed, to the end that the dangers which lurk in the power of official patronage may be wisely and effectively avoided." Harrison, in his letter of acceptance, is equally explicit. He not only favors a liberal interpretation and vigorous enforcement of the existing law, but would approve legislation extending the reform, which, he adds, it will be his sincere purpose to advance if elected. He points out that the civil service reform law received his support in the Senate, and expresses the opinion that all appointments under it should be absolutely free from partisan considerations and influences, and that only the interest of the public service should suggest removals.

The Capital says: "The Republicans have blamed President Cleveland for a failure to come up to the highest ideal of civil service reform. Some of the Democrats think that he was too much of a civil service reformer, and that therefore he failed to be reelected. Mr. Harrison is now vouched for by some newspapers as a more advanced civil service reformer than Mr. Cleveland has been. We shall have to wait some time after the 4th of March next to determine what effect civil service reform ideas have had upon Washington."

SNUBBED MRS. CLEVELAND.

WASHINGTON, Nov. 10.—The Evening Post prints the following: One day this week Miss West, daughter of the late English minister, was in a store on the avenue, and with her was a well-known member of the Italian legation. While they were talking over a purchase Mrs. Cleveland's carriage drove up to the curb and she came in. She spoke to the gentleman, and for a moment talked with him, and then stepped toward Miss West and extended her hand in greeting. But the young lady would have none of it. She had not quite forgotten how Mrs. Cleveland's husband had snubbed her father, and with a haughty grace she folded her hands in front of her and turned her back on the President's wife. It was embarrassing, very embarrassing, not only to the two parties at interest, but also to the gentleman, and Mrs. Cleveland relieved it by transacting her business and going without the usual parting salutations.

SECTIONALISM DID IT.

Sectionalism defeated Cleveland, and after all the twisting and turning by way of explanations, this real fact stares all in the face.

In the Eastern States, in all the great manufacturing centers, where logically the tariff issue was expected to do the most hurt, the Democrats either made gains or held their own. But, it was in the Western States, the agricultural districts, the people above all others mostly to be benefitted by tariff-reduction, that the Republicans made their sweeping gains; and it was in these States that the Republican leaders evaded the discussion of the tariff, and whooped up the pensions, rebel flags, Southern brigadiers, &c., knowing full well that, on these sectional issues the Western States were overwhelmingly Republican.

KENTUCKY BLIZZARDS.

[Russellville Herald.]

It is a mistake that the Kentucky blizzard is a modern institution. An old gentleman informs us that 60 years ago the weather remained open, fine and warm till the 27th of December, when a rain ushered in the morning of a warm day, which grew cooler till next morning, when the ice—the first of the winter—was three inches thick. He says there was no more open weather that winter, the freeze extending into April.

THE hungry Reps are after the post-offices like starved wolves.

—Our defaulting State Treasurer, Dick Tate, is believed to be in Japan. The Louisville Post says that for months Tate's family have been receiving letters from him in Japan, but none of them tell at what point a letter would reach him.

—The actual vote polled in the United States is not yet officially known, and therefore any statement as to how many votes were given for the Democrats, Republicans, or Prohibitionists, is mere guess work. There were probably twelve million voters, and whilst Harrison is chosen by the electoral vote, no one knows which received a majority of the votes.

—If an editor omits anything, he is lazy; if he reports things as they are, people get mad; if he smooths down the rough points, he is bribed; if he does not furnish his readers with jokes, he is prosy; if he does, he is a rattlehead and lacks stability; if he condemns the wrong, he is a good fellow but lacks discretion; if he sets wrong go unrebuked, he is a coward; if he indulges in personalities, he is a blackguard, and if he does not, his paper is dull and insipid. —[Ex.

—The Indianapolis News, which is Gen. Harrison's personal organ, affirms since the election, that Harrison is thoroughly and earnestly a civil service reformer, and that no amount of party clamor can ever induce him to tolerate any evasion of the civil service law. This is hard on the Republican boys who are expecting to get the offices, and we know how to sympathize with them, for four years we have seen many good Democrats shut out by the same cause.

—The new medical practice act, requiring every physician now engaged, or who may hereafter engage, in the practice of medicine in this State, to register his diploma in the Clerk's office of the county where he is located or proposes to locate, is now in effect, and will be made compulsory under heavy penalties, after the 1st day of April, next. Each diploma, except those from Medical Colleges chartered under the laws of Kentucky, will require to be certified and endorsed as being issued from a reputable and legally chartered Medical College before it can be registered in any county.

WE WOULDN'T.

[From Mayfield Democrat.]

Judge Randle leaves the city for his home this evening, after having held a four weeks term of court. Judge Randle is the personification of gentlemanly qualities. His bearing, his manner, his walk and conversation all bespeak the Christian gentleman that he is. The Judge owes a hot here, and we should be glad if he would build on it, and move to live with us.

Those Appropriations.

When the Republicans succeed to the control of Congress, they will have their hands full to keep their promises about appropriations which the Democrats refused to make. For instance, there is

The Blair Educational Bill,
The Coast Defense Bill,
The New Navy Bill,

The building of fire-proof post-offices all through the country, &c.

They wont keep their promises, but if they should, the country would, indeed, be strained under the burdens of taxation, and the tariff increased.

GEN. HARRISON'S YOUNG FRIEND.

[Pittsburg Commercial Gazette.]

All will be interested to know Gen. Harrison's most intimate friend. She is W. H. H. Miller's small daughter, Jessie. Gen. Harrison is the idol of her childish affections, and he has never fallen from his place except upon one occasion, when she complained dolefully that she had a composition on the cow to write, and only knew two things about it.

"What are they, Jess?" Her idea of his encyclopedic knowledge received a blow with that question. Poising her slight form, with hand extended in an attitude and tone worthy of a Democratic orator, she exclaimed:

"Well, General! Do you mean to say that you don't know that a cow has four legs and a compound stomach?"

EDITOR GRADY'S ADVICE.

[Atlanta Constitution.]

It is with deep forebodings that we look into the future. What ills may come to these Southern States, so lately put in the way of peace and prosperity, we have now neither the time nor the heart to inquire.

Fortunately, the way of our duty is clear and definite. It is to close ranks, stand firm, and at any hazard and in any dispute to maintain the integrity and the supremacy of the Democratic party in the South. Let us do this, and the essential things may be saved to us. If we divide, we shall lose everything.

REELFOOT LAKE.

It seems, from the following extract from the code of Tennessee, that everybody is not allowed to hunt and fish in Reelfoot Lake: Sec. No. 2,205 of the code of Tennessee says it "shall not be lawful for any person to hunt or fish for profit on Reelfoot Lake unless he be a citizen of Obion or Lake county. Citizens of other counties of the State of Tennessee may fish or hunt for their own use but not for profit." Citizens of other States are not allowed to either fish or hunt on Reelfoot Lake at all, and Sec. No. 2,206 says "any person or persons guilty under Sec. 2,205 shall be fined fifty dollars for the first offense and one hundred dollars for the second, to be tried before any justice of the peace for Obion or Lake counties," etc.

A POSTAL CLERK'S PUZZLE.

[Globe-Democrat.]

The way ignorant men pick up names they hear was illustrated by a letter which arrived at the St. Louis post-office yesterday, addressed to "Pordozen P. O., Franklin county, Missouri." "Pordozen" was evidently meant for Port Hudson, which is a post-office in Franklin county, and the letter was sent there on trial. This is only one of a thousand instances that go to prove that the way of the post-office clerk, like the transgressor, is hard.

TARIFF OFF AT LAST!

H. M. MAXWELL desires the COURIER to state to the Democrats and Republicans of the surrounding country, that he has taken the tariff by the horns, and is selling goods at ridiculously low prices.

—A fatal fight occurred near Clayton, Obion county, Friday evening last, in which David Cloar shot and killed James St. John. The report is that St. John and the Marshall boys had a difficulty in the morning, and St. John got the worst of it. St. John was drunk, and stopped at Cloar's house, who is a friend and kinsman of the Marshalls, and indulged in abuse of the Cloars and Marshalls. Cloar warned him to stop his abuse, and also not to enter his yard. St. John drew his pistol and fired twice, when Cloar returned the fire, shooting him to the ground and then cut his throat. Cloar surrendered to the Sheriff. The Cloars, and also, the Marshalls, are the best kind of people, and St. John was considered a clever man, but much addicted to drinking. Cloar is generally considered entirely justifiable.

Jesse Middlewart, Decatur, Ohio, says: "Had it not been for Dr. King's New Discovery for Consumption I would have died of Lung Troubles. Was given up by doctors. Am now in best of health." Try it. Sample bottles 10c at J. W. Cowgill's Drug Store.

THE DEVIL.

The Prince of Darkness on His Travels.

What He Finds, and How the Incarnate Fiend Acts—The Youth of Our Land His Especial Pets—Dr. Talmage's Sermon.

Rev. T. DeWitt Talmage, D. D., took for the subject of his sermon Sunday morning, "Satan On His Travels." His text was, Job i. 7: "And the Lord said unto Satan: Whence comest thou? Then Satan answered the Lord and said: From going to and fro in the earth, and from walking up and down in it."

In 1672 was printed the largest book ever published, namely, two huge volumes of near five thousand pages in small type, the author Joseph Caryl. It was a commentary on this Book of Job. When he took a year for the journey from England to India the son of the author of this commentary started for India, leaving his father writing on his book, and was gone for years, and when he came back to England still found his father writing on Job. I never saw the commentary, but I do not wonder at its size because there is no end to the interest of the Book of Job. I am not surprised that Goethe, the unbeliever took from this wonderful book the opening of his drama "Faust," and his drama "Epistles" of the great German was only the Satan of Job. It seems that one day in Heaven God was on His throne, and the angels and messengers came to report from domestic diplomatic missions. I suppose one angel said: "I was out among the stars, and I saw one of them burn down." Another angel, I suppose, has said: "I was off on a stellar excursion and was present at the birth of a new world." Another angel, I think, said: "I was journeying five hundred million miles in the wilderness of immensity and I saw a meteor run down a planet." Another angel: "I was off and helped at the inauguration of a new race of beings amid the mountains and valleys of that mighty world in the outer vast part of the heavens." But while these good and great spirits were giving their reports a ghastly, grizzly, hideous monster from some miry subjurous, filthy world came into the palace where God was his feet, and God asked him where and how he had been occupying himself, and this greatest scoundrel of the universe made reply with blazing effrontery, and instead of acknowledging any of the mischief he had been doing he said he had been an earthly pedestrian and had lived a sort of circumambulatory peripatetic life.

"And the Lord said unto Satan: Whence comest thou? Then Satan answered the Lord, and said: From going to and fro in the earth and from walking up and down in it."

This monster of my text has a great variety of names. You know that notorious villians are apt to take a variety of names. Arraigned in Paris for a crime a man will give one name; arrested in San Francisco for arson, he will give another name; imprisoned in Montreal for murder, he will give another name. So this creature of my text has many names. He is called in sacred and profane literature Abaddon, Apollyon, Ahrimanes, Zaniel: Asmodeus, the revenging devil; Beelzebub, the sovereign of devils; Belial, for, the brilliant devil; Diabolus, the despairing devil; Mammon, the money devil; Pluto, the fiery devil; Bal, the military devil; Mercuin, the plugging devil. He is called the father of lies, and has for his children and grandchildren and great-grandchildren all falsehoods, deceptions, frauds, swindles, slanders, backbitings, and usterfuges. All men of good sense, whether enlightened by the Bible or in heathendom, have felt that there are baleful and maleficent influences abroad that have not there origin in the human race, and demonology is as old as angelology. The sword of Paracelsus was thought to have a demon in the hilt, and there hence a demon in every sword hilt. The ancients supposed the air was filled with cyclops, and satyrs and sirens and gnomes and vampires and salamanders and undines and hobgoblins. The Talmud says that Adam's first wife was Lillis, and that their children were all devils.

Two or three hundred years ago a demonographer gave the names of embassadors of evil which he thought Satan sent to different countries: Maimmon, Embassador to England; Belphegor, Embassador to France; Martinet, Embassador to Switzerland; Rimmon, Embassador to Russia; Tamuiz, Embassador to Spain; Hutgin, Embassador to Italy; and that there was a Princess of Evil by the name of Proserpine. But what was mere guess work of mythology or superstition has been made clear by divine revelation. We find that there is somewhere a monarch of all wickedness. He has a throne of power, and courtiers, and armies, and navies, and machinery of evil vast as the round world. He is superior to all mischief: what he can not do he delegates others to do, and, as each one of our race is supposed to have a guardian angel, I have no doubt that every human being has a besieging, malignant spirit waging his fiendish work trying to make him think wrong and act wrong—an especial devil, a devil of fraud, or a devil of avarice, or a devil of uncleanness, or a devil of poor health; and, as in my text the spirits are represented as reporting to the Lord, so I have no doubt that every evil doer
